Enterprise Financial Analysis

Consolidated FY2025 financial snapshot covering revenue, profitability, operating performance, cash flow, assets and liabilities.

Revenue	Net Income	Operating Income	Operating Cash Flow
₹4,39,695 Cr	₹28,149 Cr	₹65,848 Cr	₹63,102 Cr
Total Assets	Total Liabilities	Total Expenses	PBT
₹3,78,642 Cr	₹2,55,888 Cr	₹4,11,896 Cr	₹33,780 Cr

Executive Summary

Tata Motors delivered a strong FY2025 at the consolidated group level. Revenue from operations was ₹4,39,695 crore, up about 1.3% from FY2024. Operating profit was ₹65,848 crore and operating cash flow was ₹63,102 crore. Profit for the year was ₹28,149 crore, although it declined from ₹31,807 crore in FY2024. The group also reported a strong balance sheet, with total assets of ₹3,78,642 crore and total liabilities of ₹2,55,888 crore at March 31, 2025.

The financial picture shows strong operating cash generation and improved finance costs, supported by lower debt. At the same time, the decline in reported profit highlights pressure from taxes, exceptional items and business mix. The consolidated figures include Tata Motors' automotive operations and Jaguar Land Rover (JLR), so they should be used consistently when comparing enterprise-level performance.

Data basis: Tata Motors Integrated Annual Report 2024-25 and official FY25 consolidated results. All amounts are ₹ crore.

3. Growth, Cash Flow & Balance Sheet

Indicator	FY2024	FY2025	Trend
Revenue	■4,34,016 Cr	■4,39,695 Cr	+1.31%
Operating profit	■68,831 Cr	■65,848 Cr	−4.33%
Profit before tax	■28,429 Cr	■33,780 Cr	+18.82%
Profit for year	■31,807 Cr	■28,149 Cr	−11.50%
Operating cash flow	■67,915 Cr	■63,102 Cr	−7.09%
Total assets	■3,70,664 Cr	■3,78,642 Cr	+2.15%

Operating Cash Flow

Cash generated from operating activities was ₹63,102 crore in FY2025 versus ₹67,915 crore in FY2024. Although operating cash flow declined, it remained strong relative to reported profit, demonstrating the cash-generating ability of the automotive business. The company also reported automotive free cash flow of ₹22,400 crore for FY2025.

Balance Sheet

Balance-sheet item	FY2025
Total assets	■3,78,642 Cr
Total liabilities	■2,55,888 Cr
Total equity including non-controlling interests	■1,22,754 Cr
Equity attributable to Tata Motors owners	■1,16,144 Cr

The FY2025 balance sheet indicates a substantial equity base relative to liabilities. Lower debt and finance costs were important positive factors in the group's financial performance.

4. Enterprise Assessment & Conclusion

Revenue	₹4,39,695 crore consolidated revenue, with modest 1.31% year-on-year growth.
Net Income	₹28,149 crore profit for the year; lower than FY2024 but still strongly positive.
Operating Income	₹65,848 crore operating profit, reflecting strong underlying scale despite a decline from FY2024.
Operating Cash Flow	₹63,102 crore, demonstrating strong cash generation from operations.
Assets	₹3,78,642 crore total assets at March 31, 2025.
Liabilities	₹2,55,888 crore total liabilities at March 31, 2025.

Growth Opportunities

Tata Motors can continue to grow through premium vehicles, SUVs, commercial vehicles, EVs, connected technologies and JLR's global premium portfolio. Improving domestic passenger-vehicle volumes, expanding EV adoption and maintaining commercial-vehicle profitability are important opportunities.

Risks & Challenges

Key risks include global economic conditions, foreign-exchange movements, commodity prices, intense automotive competition, EV transition costs, regulatory changes, tariffs and geopolitical uncertainty. JLR's global exposure also means that international demand and trade conditions can materially affect consolidated results.

Conclusion

Tata Motors entered FY2025 from a position of strong operating scale and cash generation. Revenue reached a record ₹4.40 lakh crore, while operating cash flow remained above ₹63,000 crore. The main financial strength is the combination of operating scale, cash generation and lower finance costs. The main area to monitor is the conversion of operating performance into sustainable net-profit growth, particularly amid global automotive uncertainty.
